

Why I want to go to the Table Tennis Club

The first time I played table tennis was at Lake George. I was on vacation with my mom and dad. When I started playing table tennis, it was great! What I like about the game is it's a fun sport! You only need 2 or 4 players to play this game.

When I got home, I found the Table Tennis Club in Westfield! You can take lessons there and play there. I have taken 3 lessons there. My coach's name is Chris. Chris taught me how to do a serve, a backhand, a forehand, and a push.

They have 8 courts and dividers.
They have excellent lighting.
They also have 8 blue butterfly tables.
Saturday, they have youth leagues
and tournaments. You can play in
tournaments when you're good.

Table tennis is the most popular sport in China; over 1,000,000,000 people play there. Being born in China, playing table tennis makes me feel good.
